

WE ARE... MAYS PREP!

High school and college readiness
for every child.

WHO ARE WE?

Mays Prep is an open-enrollment public charter school whose mission is to prepare every student for success in high school, college, and beyond.

“ The Mays Prep school model begins with high academic and behavioral expectations for every child.”

We currently serve students grades Kindergarten through 3rd grade and will eventually become a full-service Kindergarten through 8th grade school. Upon graduation, we guarantee that students who matriculate through Mays Prep will be prepared to compete for entrance into the area’s most competitive college preparatory high schools.

Furthermore, our school-wide goal is no less than high school and college readiness for each student, and we are determined to fulfill this goal within an extended school-day and school-year format.

EXPERT TEACHERS

At Mays Prep, we maintain a high quality teacher in every classroom. We work to ensure that our students receive the very best instruction which is why we hire the best teachers and provide them with regular opportunities for professional development.

RIGOROUS ACADEMIC PREPARATION

The measuring stick for our success as a school begins with student achievement. As a result, our students receive more academic instruction than most other schools.

“Mays Prep students receive approximately 30% more Reading, Math, and Science instruction over the course of a school-year.”

We work to overexpose our students in the most critical content areas.

DISCIPLINED & STRUCTURED LEARNING ENVIRONMENT

Not only are highly-disciplined school communities integral to establishing an environment where students can achieve at high levels, a disciplined school community is equally a part of the personality of Mays Prep.

“We use well planned operational efficiencies to ensure a disciplined, tightly run school community.”

LEADERSHIP

Mays Prep boasts one of the most dynamic leadership teams in the area. Led by Principal and Founder Duke Bradley, III, we employ team members whose breadth of experience is virtually unmatched.

Our leadership team has been trained in urban schools in New Orleans and elsewhere - and now lend their expertise to Mays Prep.
